Item 2. Organization of the session

(a) Election of officers

2. The Governing Council/Global Ministerial Environment Forum elects its officers at the beginning of each regular session, in accordance with rule 18 of its rules of procedure. An explanation of the geographical composition of the Bureau from 1981 to 2005 was distributed together with the notification of the twenty-third session on 8 December 2004.
3. In keeping with a decision taken by the Governing Council/Global Ministerial Environment Forum at its twenty-second session, the twenty-third session will be held over five days, from 21 to 25 February 2005. Informal consultations in regional groups will be held on Sunday, 20 February 2005, the day before the opening of the session.
4. The provisional agenda for the session (UNEP/GC.23/1), as approved by the Governing Council/Global Ministerial Environment Forum at its twenty-second session, was distributed together with the notification of the session. The provisional timetable of meetings of the session, as recommended by the Executive Director of UNEP, is contained in the annex to the present document.

(b) Adoption of the agenda and organization of the work of the session

5. The Executive Director recommends that the Governing Council/Global Ministerial Environment Forum, at its plenary meeting on the morning of Monday, 21 February, elect its officers and adopt the agenda and organization of work for the session. The Executive Director also recommends that the Governing Council/Global Ministerial Environment Forum at the opening plenary meeting establish sessional committees, including a committee of the whole. During this meeting, the Executive Director will present his policy statement, as contained in document UNEP/GC.23/2.
6. Pursuant to General Assembly resolution 53/242 of 28 July 1999, the Governing Council constitutes an annual ministerial-level global environmental forum to review important and emerging policy issues in the field of the environment. In view of this mandate, the Executive Director recommends that the Governing Council/Global Ministerial Environment Forum meet in the form of ministerial-level consultations, beginning on the afternoon of Monday, 21 February, with meetings continuing through the morning of Wednesday, 23 February 2005.
7. The Executive Director recommends that the Council/Forum meeting in plenary consider the following items of the provisional agenda for the session (UNEP/GC.23/1): 5 (Outcomes of intergovernmental meetings of relevance to the Governing Council/Global Ministerial Environment Forum); 6 (Follow-up to the World Summit on Sustainable Development: contribution of the United Nations Environment Programme to the forthcoming session of the Commission on Sustainable Development); 7 (International environmental governance: implementation of decisions of the seventh special session of the Governing Council/Global Ministerial Environment Forum and the World Summit on Sustainable Development on the report of the Intergovernmental Group of Ministers or Their Representatives on International Environmental Governance); and 9 (Programme, the Environment Fund and administrative and other budgetary matters).
8. In order to set the scene for policy dialogue on important and emerging policy issues, the Executive Director recommends that the ministerial-level discussions focus on the implementation of the internationally agreed development goals contained in the Millennium Declaration as they relate to gender and environment, as well as policy issues related to water, sanitation and human settlements, under agenda items 5 and 6. In addition, the Executive Director recommends that international environmental governance also form part of the ministerial discussions in the plenary under item 7.
9. The Executive Director recommends that these issues be taken up during the ministerial-level consultations as follows: on the afternoon of Monday, 21 February, eradication of extreme poverty and hunger (goal no. 1 of the Millennium Declaration) within the context of environment and poverty; on the morning of Tuesday, 22 February, ensuring environmental sustainability and policy issues related to water, sanitation and human settlements (goal no. 7 of the Millennium Declaration); on the afternoon of Tuesday, 22 February, promotion of gender equality and empowerment of women within the context of

gender and the environment (goal no. 3 of the Millennium Declaration), bearing in mind section K (women and the environment) of the Beijing Platform for Action and the upcoming Beijing + 10 review. A background paper will be provided to facilitate the ministerial-level discussions (UNEP/GC.23/10).

10. In addition, the Executive Director recommends that items 3 (Credentials of representatives); 11 (Other matters); 12 (Adoption of the report); and 13 (Closure of the session) be considered during the plenary meeting on the afternoon of Friday, 25 February 2005.

11. The Committee of the Whole will elect its own officers in accordance with rule 61 of the rules of procedure, with the exception of its Chair. In the past, the Council/Forum has designated one of the vice-presidents of the Council/Forum as the Chair of the Committee of the Whole. The Council/Forum may, therefore, wish to consider designating one of the three vice-presidents of the session to serve as Chair of the Committee of the Whole.

12. The Executive Director recommends that the Committee of the Whole address the following items of the provisional agenda: 4 (Assessment, monitoring and early warning: state of the environment); 8 (Cooperation and coordination within the United Nations system on environmental matters); 9 (Programme, the Environment Fund and administrative and other budgetary matters; and 10 (Provisional agenda, date and place of: (a) the ninth special session of the Governing Council/Global Ministerial Environment Forum; (b) the twenty-fourth session of the Governing Council/Global Ministerial Environment Forum). It is envisaged that the Committee of the Whole will conclude its work at its afternoon meeting on Thursday, 24 February 2005, with the adoption of its report.
