Subject UNEP Governing Council 2008 - Background documents on  
Waste management (UNEP/GCSS/X/7)

History:

 This message has been forwarded.

Dear Mr. Deleuze,

With regard to the Waste Management Report  
I would like to suggest to include under  
Waste Management Classification the important entity of  
*Military Waste Problems, Handling and Disposal*,  
as well as an emphasis on youth involvement  
(perhaps a separate heading  
on Awareness Building and Youth Education)

Please see the attached copy of the transdisciplinary  
Canadian International Youth Letter (CIYL)  
We will be posting a new series on [www.paep.ca](http://www.paep.ca) this week.

Sincerely,

Hans F. Schweinsberg, President  
Public Awareness Education Programs (PAEP)  
of the Sciences and Humanities - Technology and Global Bioethics;  
Member of Forum UNESCO; International PEN;  
United Nations Environment Programme (UNEP)

As an NGO member of Forum UNESCO and the UNEP, PAEP takes initiatives,  
working with and for youth to promote and advance the universal values and principals  
of the United Nations Educational, Scientific and Cultural Organization and UNEP;  
to respect cultural diversity as the common heritage of humanity; to foster a new  
transdisciplinary educational, scientific, environmental and inter-cultural dialogue  
towards a universal code of ethics for the benefit of present and future generations;  
to build awareness and to strengthen international cooperation in the protection  
of the world's natural, cultural, intellectual and scientific heritage.
