Hi,

Let me compliment you for the consultation you have started with the Major groups with consultative status with the UN.

Ours is a students' organization working on the field of environmental protection. With over 200, 000 student members, we net work in over 1000 schools and colleges of India and Nepal.

We have been working wiht UNEP from 2000 when three our representative participated in the Eastbourne conference in England. Since then we have sent reps to Connecticut, USA, Tayohashi, Japan, Malaysia and to the UN headquarters, New York.

We would like to work further with the UN on MDG.

With best wishes,

Robert Athickal
Secretary General, Tarumitra
