

Acknowledgement

The regional Task team would like to recognise the valuable contributions of experts, advisors, members of non-government organisations and representatives of the countries of the Caribbean Islands region in the elaboration of this report.

Special acknowledges to the main authors of this report, as well as the GIWA Core team, the GEF, University of Kalmar, and UNEP, for providing technical support and edition required to undertake this study.

We want to recall the memory of Dr. Manuel Alepuz Llansana, former Director of the Center of Engineering and Environmental Managements of Bays and Coasts (Cimab), first Regional Coordinator for region 4 Caribbean Islands; who deceased during the process of creation of this project.
