# Quality health and environment Качество, здоровье и среда

A program for  
cleaner production and  
occupational health, safety and environment  
in Russian Industries

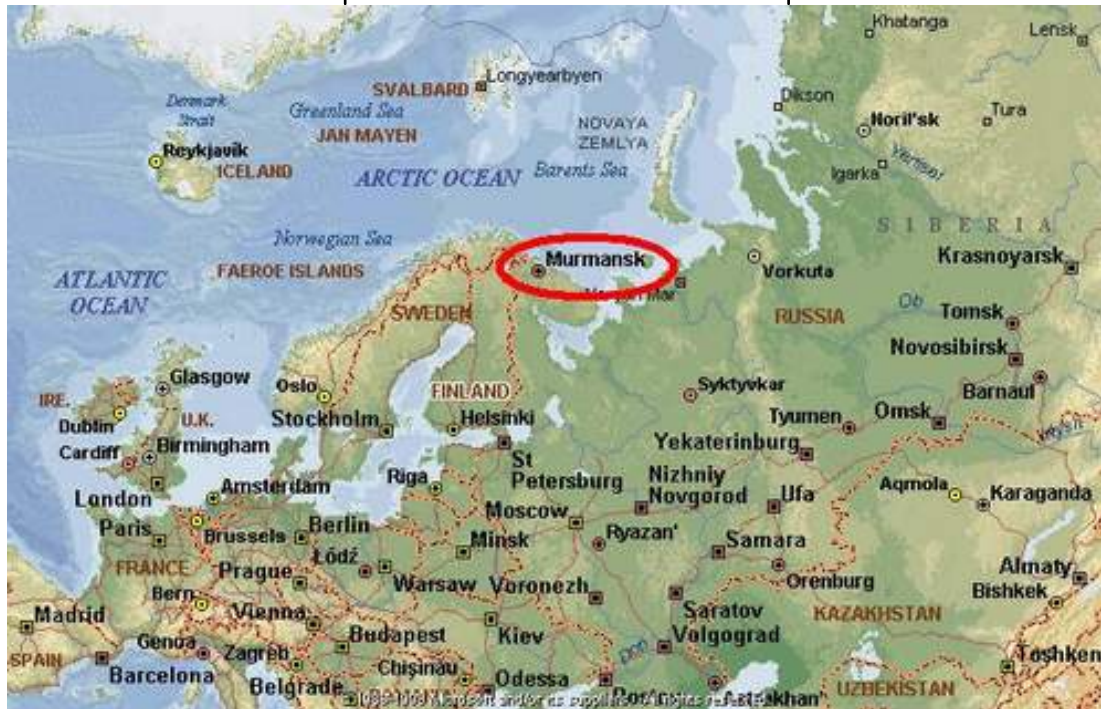

## Who and where?

Norwegian Confederation of Trade Unions

Federation of Independent Trade Unions of Russia

The Norwegian Society of Chartered Technical and Scientific Professionals

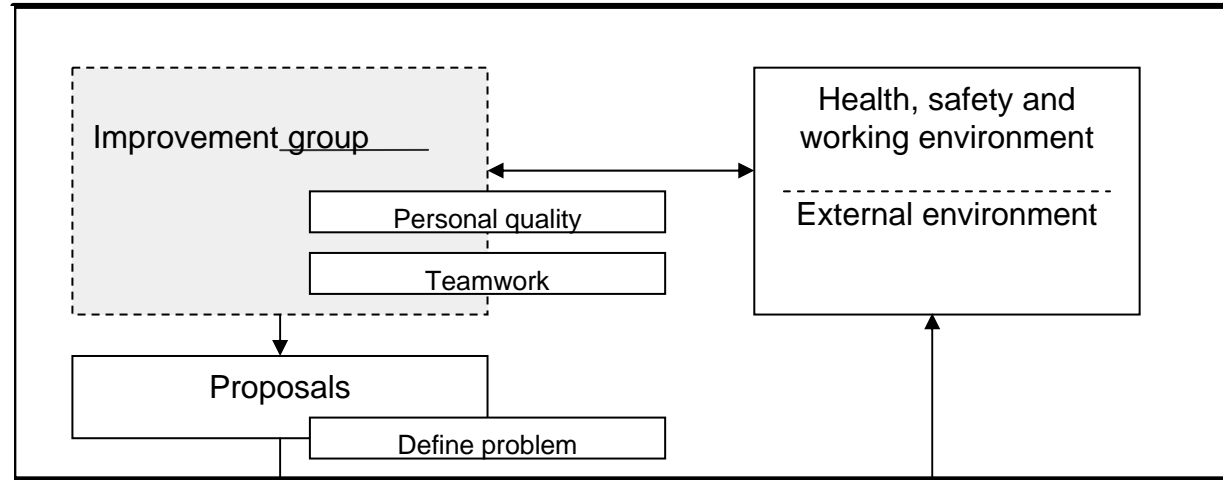

## Why?

### RATIONALE:

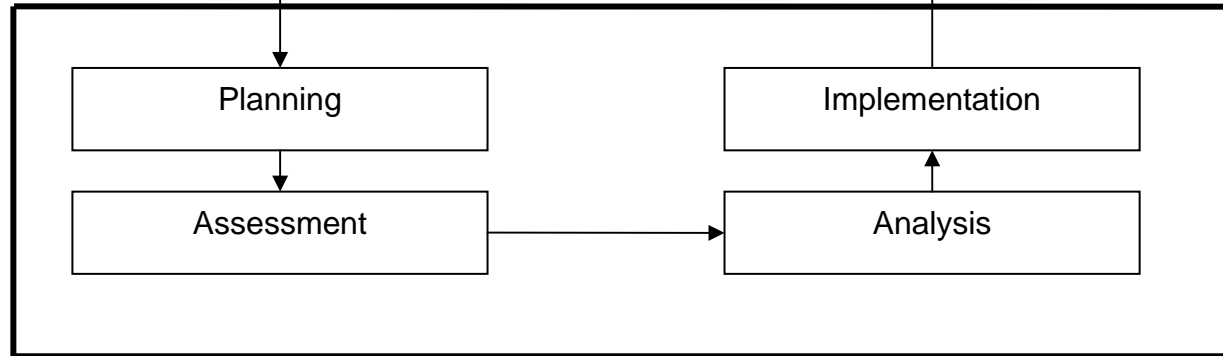

- Knowledge transfer Norway - Russia
- Combining working environment and ecological issues: A common toolbox for Cleaner Production and OHSE.
- Mutual driving forces:  
Improved environmental and economic records in the enterprise (less resource input - less pollution output)

CONTINUAL IMPROVEMENT

PROJECT REALIZATION

## What?

### **TRAINING COURSE:**

- Six months duration
- Four sessions lasting three days
- Home lessons between sessions
