

**BRIEF REPORT OF THE CELEBRATION OF  
THE INTERNATIONAL OZONE DAY FOR THE  
PRESERVATION OF THE OZONE LAYER IN MONGOLIA**

The National Ozone Authority organized the following activities:

1. Public awareness activities:

- Prof. Adyasuren.Ts, Director of NOA, was interviewed on 16 September by “UBS” TV and FM 104.5 on ‘The Ozone layer protection and Future Challenges’.
- NOA published an article on 19 September entitled "The Depletion of Shell and its danger" in the daily newspaper Ardiin Erkh.
- NOA organized a Tele Olympiad on “Let’s protect our Nature & Ozone Layer” in collaboration with Environmental Education & Research Institute ECO ASIA and Mongolian National TV, among 8-11<sup>th</sup> grade of school children in high school nationwide. The Olympiad was carried out from 10<sup>th</sup> of August to 5<sup>th</sup> of September. A total of 42 juniors from 5 high schools participated in the Tele Olympiad. They were competitive and participated very actively. The Olympiad was broadcasted nationwide on 16 September for public awareness to the general public.
- NOA organized a press conference for journalists of all TV channels, radios and newspapers in Mongolia. The press conference was broadcasted though TV, radio and released on newspapers all over the country.
- Posters with the slogan “Let’s protect the ozone layer” were placed on public transportations (buses and minibuses) and distributed to raise the public awareness.
- An article on “Be careful with sun harmful effects” was published in the newspaper “Today” on 1 August 2005.

2. Other activities:

- Inventory survey of ODS and ODS containing equipment carried out by NOA, visiting ODS importing & refrigeration service companies, plants, hotels, hospitals in the capital of Ulaanbaatar
- Prof. Adyasuren.Ts, Director of NOA, participated in the 2005 Taiwan International Conference on Atmosphere Protection on 19-21 September 2005 in Taipei contributing with his valuable experience to improve our understanding of atmospheric protection. His presentation was entitled “**THE NATIONAL STRATEGY FOR OZONE LAYER PROTECTION IN MONGOLIA**” and “**CLIMATE CHANGE & AIR QUALITY MONITORING IN MONGOLIA**”.
