

1. What is P.Project ?

- The purpose
 - Making fishermen bring back marine wastes pulled up during fishing

Background of P.Project

- Improving the marine environment
- Recovering the fish resources
- Raising the recognition
- Elevating the effect with low cost

2. Process of P.Project

Fig. The role of each organs

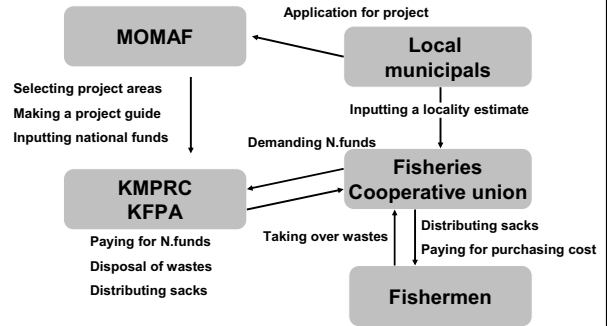

Fig. The pictures of sacks and a tag

Size	40ℓ	100ℓ	200ℓ	Tag
Picture				
Purchasing Price	4,000 won	10,000 won	20,000 won	260 won/kg

The picture of depositories of marine wastes

Distributing sacks to fishermen before going to fishing

The picture of fishing boats loaded up with sacks

The picture of personal details on sack

The picture of taking over sacks

The picture of Stacked marine wastes

The picture of disposal of marine wastes

3. The result of P.Project

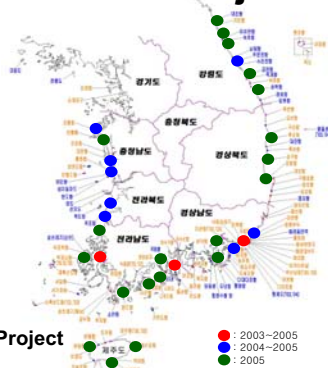

Fig. The places of P.Project

● : 2003-2005
 ● : 2004-2005
 ● : 2005

The result of P.Project from '03 to '05

Table. The result of P.Project from '03 to '05
 (unit : thousand won, ton)

	2003	2004	2005
No. of places	3	11	31
Budget	731,072	1,706,641	1,841,513
Result of purchasing	578	2,453	3,076
Cost per ton	1,265	696	599

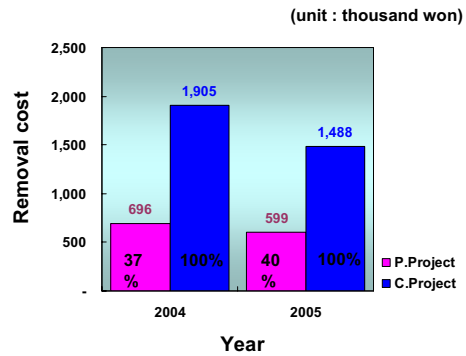

4. The analysis

Decreasing the removal cost substantially

Table. The result of the project of collecting waste materials deposited underwater (C.Project) from '04 to '05 (unit : thousand won, ton)

	2004	2005
Budget	6,893,070	7,964,946
Result of collecting	3,619	5,352
Cost per ton	1,905	1,488

Fig. The comparison of the removal cost per 1 ton of marine waste between P.Project and C.Project (unit : thousand won)

The difference of the removal cost

- C.Project
- High cost of vessel operations
- High cost of Oil

Increasing the cost

- P.Project
- Paying for minimum purchasing cost
- Don't need a fleet of vessels

Decreasing the cost

5. Conclusion

- P.Project
 - Effective system to reduce the budget
 - Decreasing the removal cost substantially
 - Improving the recognition
 - Don't throw away marine wastes into the sea again
 - Elevating the participation rate of fishermen
 - Making the sea clearer & Getting the extra money
