## The FIM Riders Ride Green!

- 5<sup>th</sup> June, 2009 World Environment Day -

The FIM's initiative to commemorate the World Environment Day was extremely successful at all FIM events organised last weekend. The top riders signed the FIM Environmental Charter and showed their concern and involvement regarding environmental issues within the motorcycling world.

These actions were held in Mugello - Italy (MotoGP), Salt Lake City – USA (Superbike), Oschersleben – Germany (Endurance), Mallory Park – Great Britain (MX1, MX2 and Supermoto), Motegi – Japan (Trial) and Gothenburg – Sweden (Speedway).

On this important date, the FIM-Live.com, FIM-Store.com and FIM YouTube Channel will “go green” and will provide you with more information & pictures of all the celebrations.

### About FIM

**FIM (WWW.FIM-LIVE.COM)**, the world governing body for motorcycle sport, is an independent association formed by 98 National Federations throughout the world. It is recognized as the sole competent authority in motorcycle sport by the International Olympic Committee (IOC). Among its 49 FIM World Championships its main events are MotoGP, Superbike, Endurance, Motocross, Supercross, Trial, Enduro and Speedway. FIM also deals with non-sporting matters such as leisure motorcycling, mobility, transport, road safety and public policy and the environment, FIM was the first International sporting Federation to enforce an Environmental Code in 1994.
